Get up, get out... get active!

Emmanuel Active

Emmanuel Active, is a reward scheme for being physically active. For every hour of supervised, voluntary, sports related, physical activity at Emmanuel College, students will earn credit points. When accumulated, these points can be used to redeem a prize. The scheme rewards participation, as much as excellence!

Currently, over 600 Yr 4-12 students participate in Emmanuel Active. Participating students receive a:

- log card on which staff sign off to verify activity
- plastic "Emmanuel Active" membership card
- prize brochure which also outlines the conditions.

The scheme is administered by a customised database. The database manages:

- student member lists
- points allocations
- prize allocations and prints out
- individual student reports detailing how they earned points, how many points they have, what prizes they are eligible to receive and an order slip to make prize redemptions.

Emmanuel College hopes to make access to the management database available to outside users in the near future.

Emmanuel Active aims to provide that little bit of extra incentive for students to **get up, get out.... get active!** This program helps maintain Emmanuel as one of the healthiest schools in the country!
